

# PRAGUE INTERNATIONAL JAM OF CONTACT IMPROVISATION

Weekend April 30<sup>th</sup> – May 2<sup>nd</sup> 2010

Jams of contact improvisation in Prague begin like delicate tuning. Only then movement and touch let into a declivity and transform to the physical game of fascinating forms. On exceptional place, in the vaulted hall opened to the adjacent yard in the hard of the building, bodies, minds, inner spaces are tuning on each other... Looking for mutual relation and purpose of the moment. Again and again in each fragile moment.

Physical encounter in movement, flying, stillness... getting a new sense. Gaining support in courage, enjoyment, sensitivity, openness... ability listening to yourself, to the others.

We, who belonged to this place, are warmly expecting all of you who are coming from faraway. We are looking forward to experiencing all that new you are bringing to our common space. To share the mixture of all different experiences coming from many far places to us. We prepare friendly and welcoming atmosphere for you at a very heart of Prague.

If you feel so please accept our invitation and forward it to everyone you think they would like it.
